

# LISTEN & LEARN

## ALEXANDRIA POLICE

*Annual report and current trends.*

The past two decades have shaken up law enforcement. Silent responders were put on pedestals and labeled heroes after 9/11, then vilified after accusations of misconduct saturated media. Agencies had to reinvent to navigate these challenges.

Chief Kent will share highlights of how the Alexandria Police Department has reinvented and talk about current community trends and the importance of community support, especially after the tragic loss of comrades in Pope County and Burnsville.
