Testimonials

"Leadership Alexandria teaches you about the area in which we live and work and creates a deeper sense of learning for the people and places around you. It also introduces you to some of the most incredible people in the community. It is an opportunity for personal and professional growth, teamwork, education, information to bring back to your workplace, and so much fun! Highly recommend!"

- Jamie DeBoer, Geneva Capital, LLC,
Class of 2020

"Being fairly new to the area, Leadership Alexandria provided me with the opportunity to explore the wonderful community that I live and work in. I was able to gain a better understanding of the history of our area as well as the variety of services that our community has to offer. The nine month program went by in a flash and allowed me to meet people that I normally wouldn't have."

- Katie Strickler, Horizon Public Health,
Class of 2018

"Leadership Alexandria was not what I expected going into the program, but the knowledge I gained was well worth the time and effort. It provided me a great opportunity to connect with many people throughout our community on a deeper level. The relationships gained there are still held dear to me today. This program provided me with a great understanding of our community: the history, the hardships and the triumphs. Would highly recommend for anyone looking to understand our community in a much deeper way than you'll ever read about."
